Vet Visit Checklist

What to note, bring and ask, so you never forget a thing.

PetNoter

My pet

Name _____ Age _____ Weight today (kg / lbs) _____

Microchip no. _____ Visit date _____ Reason for visit _____

1 Before you go, write down

- [ ] When the problem started, and how often it happens
- [ ] Changes in eating, drinking, peeing or pooping
- [ ] Changes in energy, mood or sleep
- [ ] Medicines and supplements, with doses
- [ ] Last vaccine and worming dates
- [ ] Photos or videos of the problem (cough, limp, rash)

2 What to bring

- [ ] Leash, harness or a secure carrier
- [ ] Vaccine card and health records
- [ ] Medicines, or clear photos of the labels
- [ ] A stool or urine sample, if the vet asked
- [ ] A favourite treat or towel for comfort
- [ ] This checklist and a pen

3 Questions to ask your vet

- [ ] What do you think is causing this?
- [ ] Which tests are needed, and why?
- [ ] How and when do I give the medicine?
- [ ] Which signs mean I should come back?
- [ ] Can I get a cost estimate first?
- [ ] When is the next check-up or vaccine due?

4 Vet's notes and instructions

Next steps

Next appointment _____ Medicine until (date) _____

Tip: Keep your pet's notes, weight and vaccine dates in the PetNoter app, so they're with you at every visit.

General information only. Your vet knows your pet best, so always follow their advice.
